

The first cigar to have long-filler and wrapper made of tobacco grown in Cuba, and sold in this country at 5c is the Cuba-Roma Brand.

CUBA-ROMA

All-Havana Cigar, 5c

It's a Clear-Havana smoke, such as is uniformly sold at 10c, or 8 for a quarter. Any smoker of this class of cigars can tell that in a minute.

We can sell the Cuba-Roma at 5 cents because we have joined hands with 2,000 other druggists who operate National Cigar Stands to buy and market our cigars. We have fifty other brands that we sell relatively as low-priced.

The best cigars are now sold in the 2,000 Drug Stores

having this National Cigar Stand Emblem in the window.

"RANDOLPH MASON" TO BE REVIVED

By Melville D. Post, Author, for
Pearson's Magazine at a
High Price.

The largest price paid for any current fiction is said to have been paid to Sir A. Conan Doyle, for a revival of Sherlock Holmes, Mr. Hornung for a revival of Raffles and Melville D. Post, of this state, for a revival of Randolph Mason. The serial rights of their new stories of Mr. Post have been purchased by Pearson's Magazine published in New York, and will be run as the special feature of that publication during the year 1907, beginning with the February number, which is issued about January 10th. This magazine claims to reach some five millions of readers every month, and to be sold wherever the English language is spoken. It is one of those so-called popular magazines, able and willing to pay any price for what it wants.

The work is a series of short stories, having to do with his central character Randolph Mason, a great, mad lawyer who believes that all the difficulties of men are problems which he can solve, and who finds a way through the inadequacies of the law to accomplish his results. The stories are told by Courtlandt Parks, his private secretary.

The stories will be illustrated by Grebeck. The series is called "The Correction of Destinies" and are said by eminent lawyers who have examined the manuscript, to greatly surpass the earlier Mason stories, not only in the striking legal principles involved, but also in a finer literary structure, and a more sustained dramatic interest. The first story of the series appearing in the February Pearson's is called "My Friend at Bridge."

Reprint, News-Herald: "There is at least one effectual, safe, and reliable cough cure—Dr. Shoop's—that we regard suitable, even for the youngest child. For years, Dr. Shoop bitterly opposed the use of opiates or narcotics in medicine, offering \$10 per drop to any one finding opium, chloroform, or any other poisonous or narcotic ingredient in Dr. Shoop's Cough Cure. And the challenge is yet unanswered. Here is one manufacturing physician, who welcomed with much satisfaction the new Government Pure Food and Drug Law. The public can now protect itself at all times, by insisting on having Dr. Shoop's, when a cough remedy is needed." Sold by all dealers.
